

communal families in the pdf

Communal work is a gathering for mutually accomplishing a task or for communal fundraising, for example through a knitting bee. Communal work was more common in the past, when it provided manual labour to others, especially for major projects they couldn't achieve on their own, for example in barn raising, log rolling, subbotniks, and other bees of various kinds.

Bees are flying insects closely related to wasps and ants, known for their role in pollination and, in the case of the best-known bee species, the western honey bee, for producing honey and beeswax. Bees are a monophyletic lineage within the superfamily Apoidea and are presently considered a clade, called Anthophila. There are nearly 20,000 known species of bees in seven recognized biological ...
