

construction planning equipment and pdf

The global construction equipment market was estimated at INR5,551bn (US\$90.5bn) last year and is expected to reach INR7,310bn by 2016, representing CAGR of 7.7 per cent.

Understanding India's Construction Equipment Market

Construction is the process of constructing a building or infrastructure. Construction differs from manufacturing in that manufacturing typically involves mass production of similar items without a designated purchaser, while construction typically takes place on location for a known client. Construction as an industry comprises six to nine percent of the gross domestic product of developed ...
