

### **cultural anthropology by nanda pdf**

Anthropology is the holistic "science of humans", a science of the totality of human existence. The discipline deals with the integration of different aspects of the social sciences, humanities and human biology. In the twentieth century, academic disciplines have often been institutionally divided into three broad domains.

### **Humanities - Wikipedia**

Social science is a category of academic disciplines, concerned with society and the relationships among individuals within a society. Social science as a whole has many branches, each of which is considered a social science. The social sciences include, but are not limited to: anthropology, archaeology, communication studies, economics, history, human geography, jurisprudence, linguistics ...
