Links to information and industry guidance documents about food additives and food additive petitions. Overview. Overview of Food Ingredients, Additives & Colors

Food Additives and Ingredients

Food additives are substances added to food to preserve flavor or enhance its taste, appearance, or other qualities. Some additives have been used for centuries; for example, preserving food by pickling (with vinegar), salting, as with bacon, preserving sweets or using sulfur dioxide as with wines. With the advent of processed foods in the second half of the twentieth century, many more ...

Food additive - Wikipedia

Under the Food Additives Amendment, two groups of ingredients were exempted from the regulation process. GROUP I - Prior-sanctioned substances - are substances that FDA or USDA had determined safe ...

Overview of Food Ingredients, Additives & Colors

Food additives are ingredients that are added to foods to carry out particular functions. Under EU law, manufacturers must provide information about any additives used in the foods they produce.
