In the past few months I've been flooded with emails from people looking to migrate away from Neat Desktop for their receipts and document scanning and organization. When you get one or two emails on a subject you assume it's a coincidence. When it becomes dozens of messages, it's time to see ...

Neat Desktop - What The Heck Is Going On?

Curve fitting is the process of constructing a curve, or mathematical function, that has the best fit to a series of data points, possibly subject to constraints. Curve fitting can involve either interpolation, where an exact fit to the data is required, or smoothing, in which a "smooth" function is constructed that approximately fits the data. A related topic is regression analysis, which ...
