A Framework for Analysing Participation in Development

Participation in social science refers to different mechanisms for the public to express opinions – and ideally exert influence – regarding political, economic, management or other social decisions. Participatory decision-making can take place along any realm of human social activity, including economic (i.e. participatory economics), political (i.e. participatory democracy or parpolity ...

Participation (decision making) - Wikipedia

According to Human Development Report, –participation means that people are closely involved in the economic, social, cultural and political process that affects their lives– (1993:1).
