Wind is the flow of gases on a large scale. On the surface of the Earth, wind consists of the bulk movement of air. In outer space, solar wind is the movement of gases or charged particles from the Sun through space, while planetary wind is the outgassing of light chemical elements from a planet's atmosphere into space. Winds are commonly ...

Wind through - Idioms by The Free Dictionary

All of the Dark Tower novels are told predominately in the third person, through the voice of a narrator. However, in The Wind through the Keyhole, Roland becomes the narrator. In "The Skin-Man"™, Roland recounts an autobiographical tale in the first person, and then in "The Wind through the Keyhole"™, he narrates a folktale.
